Chemin de Peyniblou, F- 06560 VALBONNE, France

The European association objectives :

- **TO GATHER ALL THE ACTORS** concerned by urban management and urban development: the European association for a sustainable urban development would like to be the link between all the actors concerned by sustainable urban development towards a better quality of life for everyone.
- **TO CAPITALIZE** knowledge (approaches and tools) in order to close the gap between practice and knowledge
- **TO PROPOSE** approaches, tools, thinking, researches, etc.: The European association aims at becoming a proposal power for urban projects at various scales (territorial, thematic, sectorial or professional) through working groups, European Research and demonstration projects, ...
- **TO DISSEMINATE** approaches, tools and results from research and demonstration projects, **TO INFORM** and **TO AWARE** all the actors.
- **TO TRAIN** professionals and tomorrow experts.

The adhesion means an agreement with sustainable urban development principles (according to the SUDEN chart which was validated by the SUDEN members during the general assembly of the 31 of May 2007).
